

2017 ACEEE Summer Study on Energy Efficiency in Industry

PANEL 2—Technology/Analytics

Panel Leader(s)	
Anna Chittum (o) NW Natural	Jon Feldman (o) Independent Electricity System Operator

Accepted Abstracts

-
- 6 **Cost, Supply Chain, and Manufacturing Competitiveness Issues Related to SiC-based Variable Frequency Drives for Industrial Motor Applications**
- [Kelsey Horowitz](#), (o) National Renewable Energy Laboratory Lead Author
[Samantha Reese](#), (o) National Renewable Energy Laboratory Co-Author
[Timothy Remo](#), (o) National Renewable Energy Laboratory Co-Author
- 13 **Smart Manufacturing Technologies and Data Analytics for Improving Energy Efficiency in Industrial Energy Systems**
- [Sachin Nimbalkar](#), Oak Ridge National Laboratory Lead Author
[Daryl Cox](#), (o) Oak Ridge National Laboratory Co-Author
[Joe Cresko](#), (o) U.S. Department of Energy Co-Author
[Wei Guo](#), (o) Oak Ridge National Laboratory Co-Author
[Kiran Thirumaran](#), (o) Oak Ridge National Laboratory Co-Author
[Thomas Wenning](#), (o) Oak Ridge National Laboratory Co-Author
- 17 **Robot Proliferation from a Load Forecasting Perspective**
- [Nathan Barnett](#), (o) Applied Energy Group, Inc. Lead Author
[Dave Costenaro](#), (o) Applied Energy Group, Inc. Co-Author
- 42 **Hybrid Motor Technology to Achieve Efficiency Levels Beyond NEMA Premium**
- [Richard Schaefer](#), Lead Author
- 64 **Daily load profiles clustering: a powerful tool for medium-sized industries demand side management**
- [Marc-André Richard](#), (o) Laboratory of Energy Technologies, Hydro-Quebec Research Institut Lead Author
[Hugues Fortin](#), (o) Laboratory of Energy Technologies, Hydro-Quebec Research Institut Co-Author
[Michael Fournier](#), (o) Hydro-Quebec Research Institute (LTE) Co-Author
[Marie-Andrée Leduc](#), (o) Laboratory of Energy Technologies, Hydro-Quebec Research Institut Co-Author
[Alain Poulin](#), (o) Laboratory of Energy Technologies, Hydro-Quebec Research Institut Co-Author
- 74 **Adversary or Ally: Industrial Strategic Energy Management and Demand Response - Can they be Integrated?**
- [Steve Mulqueen](#), (o) Bonneville Power Administration Lead Author
[Todd Amundson](#), (o) Bonneville Power Administration Co-Author
[Steve Martin](#), (o) Bonneville Power Administration Co-Author
- 88 **TRENDS AND OBSERVATIONS OF ENERGY USE IN THE CANNABIS INDUSTRY**
- [Jesse Remillard](#), (o) Embedded Research Solutions Lead Author

	Nicholas Collins, (o) ERS	Co-Author
92	Beyond the Spreadsheet: How to Grow Your Own Energy Data Science Team	
	Vergil Weatherford, (o) NAVIGANT	Lead Author
	Ryan Tanner, Navigant Consulting, Inc (Bouler CO)	Co-Author
94	Urban Production Systems: Smart Rooftop Greenhouses on Factories	
	Martin Reisinger, (o) Institute for Energy Efficiency in Production, University of Stuttgart	Lead Author
118	Electrale Innovation Ltd Hydraulic Air Compressor (HAC) Demonstrator Project	
	Dean Millar, (o) MIRARCO	Lead Author
	Eric Muller, (o) Independent Electricity System Operator	Co-Author
123	Seeing is Believing: Data Visualization Dashboard Turns Ski Area Staff into Efficiency Experts	
	John McMurry, (o) Vermont Energy Investment Corporation	Lead Author
	Matt Dooley, (o) Vermont Energy Investment Corporation	Co-Author
135	New Benchmarking Tools for Industrial Manufacturing: An Industry Collaboration to produce ENERGY STAR Energy Performance Indicators (EPIs)	
	Matthew Doolin, (o) Duke University	Lead Author
	Gale Boyd, (o) Duke University	Co-Author
	Elizabeth Dutrow, (o) United States Environmental Protection Agency	Co-Author
	Su Zhang, (o) Duke University	Co-Author
149	A revolutionary method of saving energy for commercial and industrial fan systems	
	Michael Ivanovich, (o) Air Movement and Control Association International, Inc.	Lead Author
	Mark Bublitz, The New York Blower Company	Co-Author
	Tom Catania, (o) University of Michigan	Co-Author
	Nazme Mohsina, (o) Air Movement and Control Association International, Inc.	Co-Author
	Trinity Persful, (o) Twin City Fan Companies, Ltd.	Co-Author
	Mark Stevens, (o) Air Movement and Control Association International, Inc.	Co-Author
155	Co-Benefits of Detailed M&V: Piggybacking Off Required Measurement and Verification to Improve System Savings and Performance	
	Peter Kleinhenz, (o) Go Sustainable Energy, LLC	Lead Author
	Abdul Qayyum Mohammed, (o) Go Sustainable Energy, LLC	Co-Author
	Mohamed Tatari, (o) Go Sustainable Energy, LLC	Co-Author
197	A Framework to Standardize Site-Wide Energy Analytics Results - collaboration between large industrial user, energy data mining company and utility provider	
	Ramesh Rao, (o) Graphet Data Mining	Lead Author

Alternate/Accepted Abstracts

15	Quantifying the statistical importance of utilizing regression over simple energy intensity calculations for tracking efficiency improvements in industry	
	Thomas Wenning, (o) Oak Ridge National Laboratory	Lead Author
	Daryl Cox, (o) Oak Ridge National Laboratory	Co-Author

- | | | |
|-----|--|--------------------|
| | Wei Guo, (o) Oak Ridge National Laboratory | Co-Author |
| | Sachin Nimbalkar, Oak Ridge National Laboratory | Co-Author |
| | Anthony Taylor , (o) Tennessee Technological University | Co-Author |
| | Kiran Thirumaran, (o) Oak Ridge National Laboratory | Co-Author |
| 115 | Permanent Magnet Motor with Tested Efficiency Beyond Ultra-Premium/ IE5 Levels | |
| | Keith Klontz, (o) Advanced MotorTech LLC | Lead Author |
| 130 | Optimizing Air Compressor Systems Using Dynamic Sequencing Strategies in Variable Air Demand Environments | |
| | Joel Zahlan, (o) The Cadmus Group, Inc. | Lead Author |
| 132 | Effect of pre-sorting and pre-infrared drying of walnut on energy saving | |
| | Zhongli Pan, (o) USDA/Stephens Federal Building, NRCS | Lead Author |
